

Winter Fishing

Cast to wild Trout, Dolly Varden Char and Steelhead in an uncrowded wilderness setting. Our winter fishing takes place in the warmer, lower elevations of the Squamish and Lillooet River Valleys.

Jetboat & Float Trips

Full day river fishing in remote locations for Salmon, Steelhead & Trout

Heli & Fly-in Fishing

Float planes and helicopters provide access to remote rivers and lakes to fish for wild stocks of Trout, Salmon, Dolly Varden and Steelhead.

Who We Are

Whistler Fishing Guides was founded in 1988 and has built an outstanding reputation by providing our guests with top quality guided fishing experiences. We have intimate knowledge of the rivers and lakes in the Whistler Area. If you're a beginner looking to learn new skills or an expert who wants to find that secret water, our guides are dedicated to making your trip a success.

Seasons

Spring: Steelhead, Rainbow and Cutthroat Trout, Dolly Varden Char, Salmon
Summer: Rainbow, Brook and Cutthroat Trout, Dolly Varden Char, Salmon
Fall: Salmon, Rainbow Trout, Dolly Varden Char
Winter: Steelhead, Salmon, Rainbow Trout, Dolly Varden Char

Locations

Lake: Fly or spin cast from float tubes or from shore
River: Fly, spin and drift gear cast while wading.

The Whistler area provides unique year-round fishing opportunities. The river systems host resident populations of Trout and Dolly Varden Char along with seasonal runs of Salmon and Steelhead. Our lakes are easily accessed and hold Rainbow and Cutthroat Trout in addition to Dolly Varden Char.
